

Schedule "A" which forms an integral part of CFE # 599733
Winter (Ice-Covered) - Medium and Large CFE

1. I Mathew Weaver representing the Age Friendly Cold Lake Society
 (Name) (Name of event)
 have registered _____ to participate in this
 (Participant)

Competitive Fishing Event (Licence # 599733).

Date Jan 22 2021 Signature 
 (Signature of organizer)

2. I _____ agree to follow and be bound by all terms
 (Participant)
 and conditions specified for this Competitive Fishing Event.
 Signature _____
 (Signature of participant)

The following conditions apply to all **Medium and Large Winter Competitive Fishing Events** and must be followed by event organizers and participants:

Organizer Conditions

1. The organizer must clearly post a copy of the event licence, conditions, participant list (see condition 5) with directions on how and where to contact the organizers.
2. All event advertisements or postings must include the Competitive Fishing Event licence number issued for the event.
3. A copy of the event licence, a signed copy of Schedule 'A' and the organizer's Event Rules must be provided to all registered participants. **(NEW) Organizers are responsible for enforcing all the event rules.**
4. The organizer must complete and return a Competitive Fishing Event Reporting Form and associated worksheets within 14 days from the conclusion of the event.
5. The organizer must maintain a list of all participants that are registered for the event noting which participants were issued a registration package.
6. The organizer shall ensure that all fish that are measured or weighed are handled in a manner that causes them least harm and that they are released back into the waters from which they were taken.
7. The organizer shall maintain a reporting form recording all dead fish and the number of stressed fish that may not survive. All dead fish must be packed on ice and stored in a clean insulated container.
8. All dead fish must be disposed of in the following manner:
Dead Fish will be retain by CFE organizer and turned over to the Fish & Wildlife Office in Cold Lake (5013 51 Street, Cold Lake, Alberta) within 14 days after the event.

(Page 2 of 3)
Winter (Ice-Covered) Medium and Large CFE

9. The boundary of the fishing area shall be the entirety of Cold Lake.
10. Competitive Fishing Events must be planned and executed in a manner that complies with the current Alberta Fishery Regulations applicable to the water body unless otherwise specified in **condition 22** below.

Organizer and Participant Conditions

11. Organizers/Participants shall only measure or weigh-in the species identified on the Competitive Fishing Event licence.
12. Organizers/Participants shall not fizz* fish or attempt or practice fizzing fish (see the definition of “fizz” and “fizzing” fish at the end of this document).
13. All event organizers and participants must, during the hours that the competitive fishing event is operating, wear a visible form of identification that indicates they are involved in the event.
14. After a fish has been measured and photographed for the purposes of the competition, it must be released directly to the lake.

Participant conditions

15. All participants in a licensed competitive fishing event must have a valid Alberta Sportfishing Licence (except those legally exempted from the Alberta Sportfishing Licence requirement i.e. youths and Alberta seniors, or during a designated Free Fishing Weekend).
16. Before participating in a Competitive Fishing Event, all participants must ensure they have been registered by having their name included on a list of participants that is maintained for the event, and that they have received a copy of the event licence, a signed copy of Schedule "A" and the organizers event rules.
17. Participants fishing under the authority of a Competitive Fishing Event Licence must follow the Alberta Fishery Regulations for the water body unless otherwise specified in **condition 24** and may only fish in areas open for fishing.
18. Participants shall not intentionally kill any fish taken during the Competitive Fishing Event during the period that the licence is valid to operate the Competitive Fishing Event.

Winter (Ice-Covered) Medium and Large CFE

20. Participants of Competitive Fishing Events who catch a fish, the possession of which is prohibited by the "Alberta Guide to Sportfishing Regulations" or Event Rules, must immediately return the fish to the waters from which it was caught, and release it in a manner that causes it the least harm.
21. Participants in this Competitive Fishing Event must practice immediate catch-and-release for all fish species caught during the event except for the species identified on the face of the Competitive Fishing Event licence.
22. Fish that are not immediately returned to the water must be of a size of fish that is lawful to retain under the daily catch limit for the water body as specified in the Alberta Guide to Sportfishing Regulations.
23. Participants shall not bring, in total on any day, more fish to the weigh-in than is allowed for that species in the "Alberta Guide to Sportfishing Regulations" for that water body unless specified in a) below.
24. a) Cold Lake – a daily maximum of **three (3) Lake Trout** may be entered for judging purposes only and must be released in a manner to maximize survival;
 b) All other sportfishing regulations must be adhered to.
25. A fish can be retained only briefly and for the purposes of measuring or weighing or both. All fish that were retained and transported to the weigh-in must be weighed and immediately released in a manner that causes the least harm.
26. All participants fishing in this competitive fishing event must fish using barbless hooks only. For the purposes of interpreting this condition:
 - Hook means a single, double or triple pointed hook on a common shaft, and includes hooks attached to a line or lure, and
 - Barbless hooks includes hooks with barbs removed or hooks the barbs of which are pressed against the shaft of the hook so that the barbs are not functional.

*"To fizz fish" or "to practice fizzing fish" refers to the practice of releasing, or attempting to release air from the air bladder of a fish caught from deep water.
